_____ **Nex-Generation Student Internship Program (Summer)**

Through this program, you would participate by hiring a high school or college student (age 16 or over) for a paid, summer internship. The intern is expected to be fully engaged in hands-on projects that expose them to a professional work environment and allow them to exercise skill development over the course of a 9-week period. Nex-Generation assists in the student application process and provides businesses with curriculum and guidance. The participating business interviews, selects, and hires its intern. The required base rate of pay for this program is \$10 per hour. The business is responsible for payroll and payroll tax liabilities. Nex-Generation may offer a grant to help offset the business's costs; however, funding is available on a limited basis.

PO Box 158 • 145 N Main • Lenora, KS 67645 • 877.567.7872
nex-generation@nex-tech.com • www.nex-generation.org

_____ **Nex-Generation Work Study/Apprenticeship Program** (School Semester/Year)

Through this program, you would participate by hosting a high school senior or college student for a few hours each day (or week) during the school year, depending upon the student's schedule. The student is expected to be fully engaged in both hands-on projects and job shadowing experiences. This is typically a non-pay situation for the student, but, upon successful completion of the semester (or year), he or she will be eligible for a Nex-Generation Work Study Scholarship. Scholarships are paid directly to the students. Nex-Generation assists in the student application process, coordinates with the high school, and provides businesses with curriculum and guidance. The number of positions is determined annually, based on availability of funds.

Position Description:

Please provide a brief description (2-3 sentences) explaining what you would have your intern or work study student do at your business. We will use this description when advertising the job:

Summer Internship Grant:

Nex-Generation may offer a grant to help offset a business's costs of funding a summer intern. Grants are determined annually and are available on a limited basis. Our current funding levels are based on Small Business (grants of up to \$2,000) and Large Business (grants of up to \$1,000). Large businesses may include, but not be limited to, manufacturing; communication, electric, and agriculture cooperatives; government entities; hospitals; and schools. *(Funding is made possible by the generous donations of the Dane G. Hansen Foundation, Nex-Generation Business Partners, Nex-Tech Round-up Program participants, and other contributors.)*

Please indicate the number of summer positions and whether you can self-fund, need funding, or both:
